

Lijst gasflessen / List of gas cylinderes / Liste von Gasflaschen

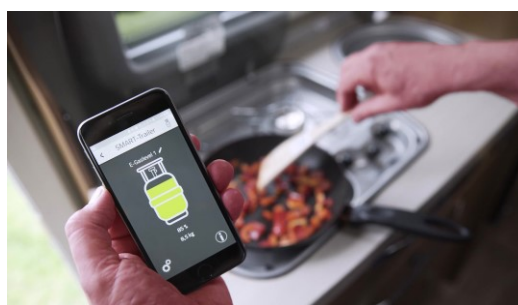

NL: In deze PDF kunt u vinden of de E-Gaslevel sensor van E-Trailer werkt op uw gasfles. Zoek in de onderstaande tabel uw gasfles merk en type. U kunt direct zien of uw gasfles in de E-Trailer app beschikbaar is. De status geeft aan of uw type gasfles is getest door E-Trailer. De niet geteste types werken zeer waarschijnlijk wel, maar zijn nog niet getest door E-Trailer. Staat uw gasfles niet in de lijst of heeft u een andere vraag over deze lijst, neem dan contact met ons op (info@e-trailer.nl). Voor aluminium flessen met een * moet u de speciale E-Gaslevel adapter aanschaffen om de E-Gaslevel te kunnen bevestigen onder uw fles.

De E-Gaslevel op een gasfles
Der E-Gaslevel-Sensor befestigt an einer Gasflasche
The E-Gaslevel attached on a gas cylinder

DE: In diesem PDF-Dokument können Sie nachsehen, ob der E-Gaslevel-Sensor von E-Trailer mit Ihrer Gasflasche funktioniert. Suchen Sie in der unten stehenden Tabelle den Hersteller und den Typ Ihrer Gasflasche. In den Spalten daneben können Sie sehen, ob Ihre Gasflasche mit der E-Trailer-App kompatibel ist oder nicht und ob Ihr Gasflaschentyp bereits von E-Trailer getestet wurde. Auch viele noch nicht von E-Trailer getestete Gasflaschen funktionieren sehr wahrscheinlich mit der E-Trailer-App, allerdings kann E-Trailer das ohne Test nicht formell bestätigen. Sollte Ihre Gasflasche nicht auf der Liste sein, oder falls Sie weitere Fragen zu dieser Liste haben, kontaktieren Sie uns gerne unter info@e-trailer.nl. * Bei Gasflaschen aus Aluminium (in der Tabelle mit * gekennzeichnet) muss zur Befestigung des E-Gaslevel-Sensors der optional erhältliche spezielle E-Gaslevel-Adapter verwendet werden.

De E-Gaslevel app
Die E-Gaslevel-App
The E-Gaslevel app

UK: In this PDF you can check if the E-Gaslevel sensor from E-Trailer works on your gas cylinder. Search in the table below for your gas cylinder brand and type. You can immediately see whether your gas cylinder is available in the E-Traile app or not. The status indicates whether your type of gas cylinder has been tested by E-Trailer. The not tested types are very likely to work, but have not been tested by E-Trailer yet. If your gas cylinder is not in the list or if you have another question about this list, please contact us (info@e-trailer.nl). For aluminium cylinders with a *, you must purchase the special E-Gaslevel adapter to be able to attach the E-Gaslevel on your gas cylinder.
